

PICKETS FOR THE PLAYGROUND

Another way to support this project is to make your mark on the park!

Have your name, family name, kid's names, business or organization permanently remembered at Greentree Park!

Fence pickets make great gifts and memorials.

The new picket fence will not only be used as a barrier around the new play area to keep little ones within reach, but also as an engraved donor wall. Polywood pickets are a composite of wood and recycled plastics that last 25 years.
